

**Today is a VERY special day.
There is a small present for each of you.
Being the grumpy gnome that I am...
I locked your gifts in this box and left a trail of
puzzles for you to solve. If you solve the puzzles
the box will be opened and you can have your
presents. However, I made the puzzles pretty
difficult. I hope your brains are ready to work.
Best of luck to you!**

**Sincerely,
The Grumpy Gnome**

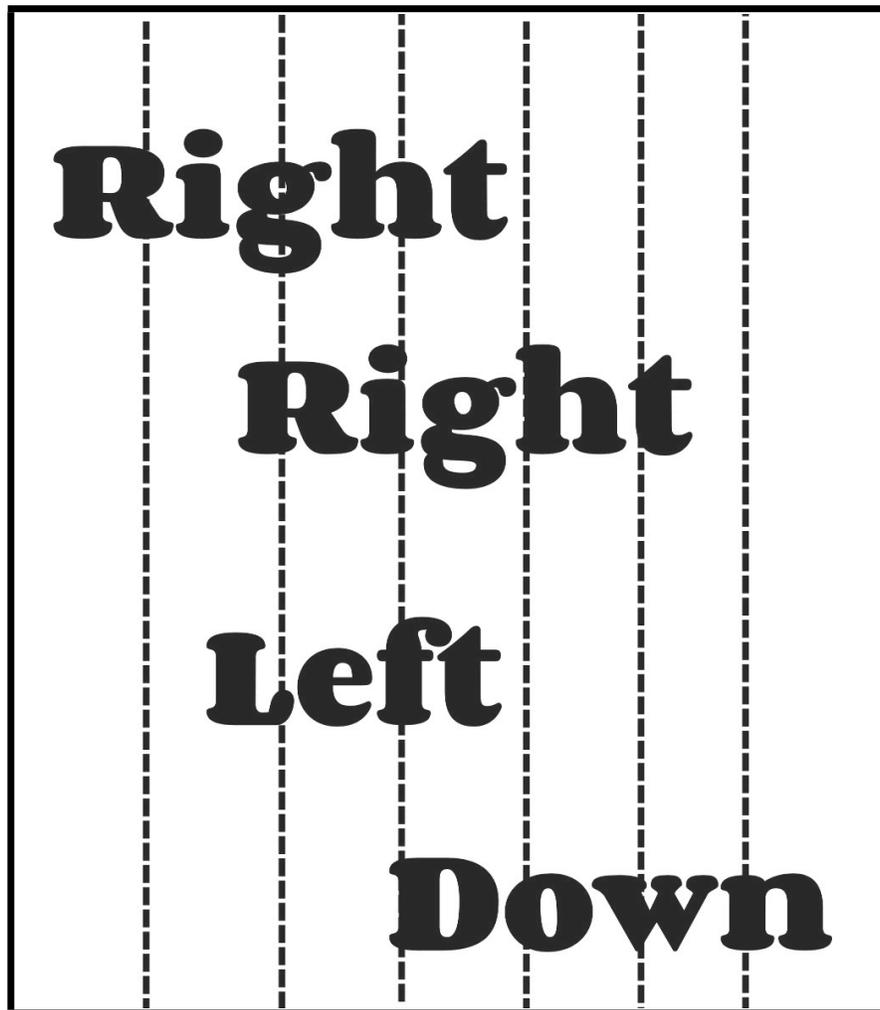

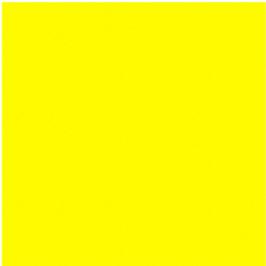

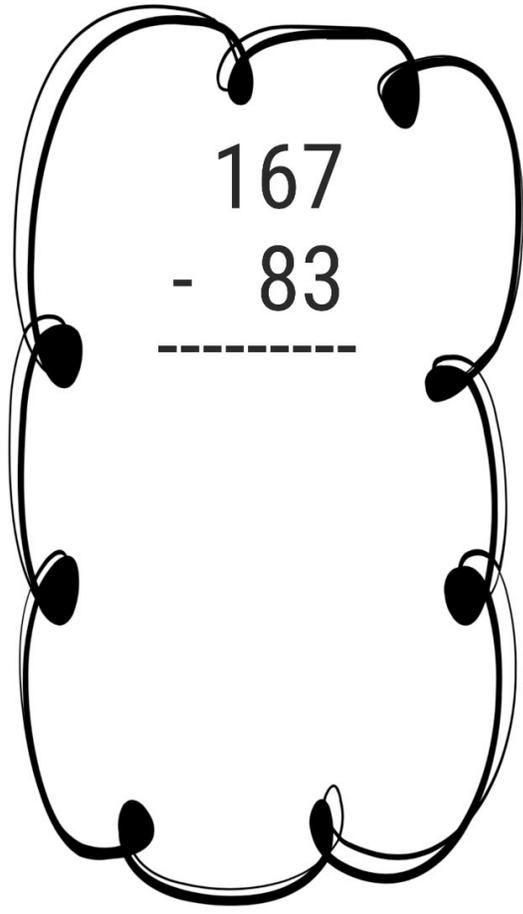

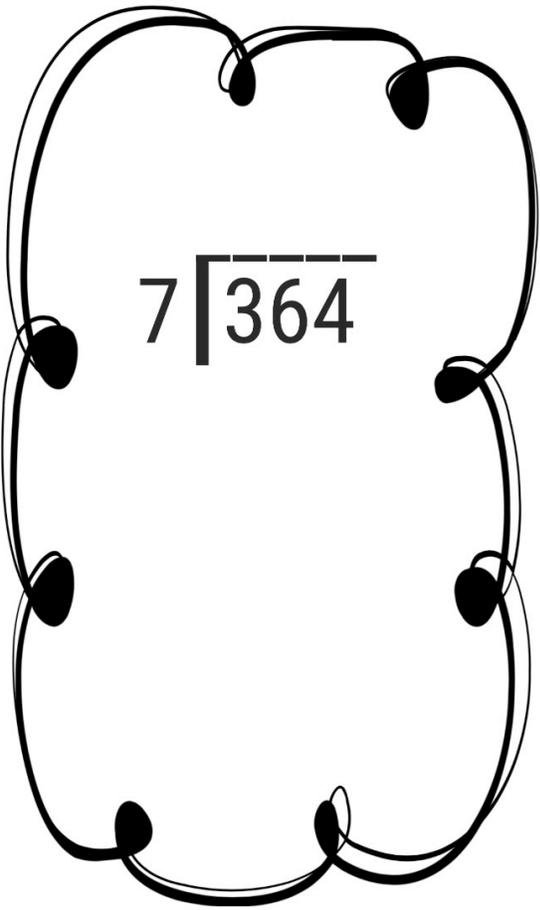

**This liquid is dangerous.
Do not touch.
Do not drink.
How can you retrieve the key?**

Lock	Combination	Create Puzzle + Solution
Key Lock		<p>Create: Print off the Biohazard note. Make colored water in a glass container with water and food coloring. Tape biohazard note to glass. Place strong magnet and glass in the room. To make more difficult place these 2 objects in different places in the room.</p> <p>Solution: Use a strong magnet to remove the key.</p>
Word Lock	MONEY	<p>Create: Print & Fold up Riddle. Gather magnetic letters for M-O-N-E-Y. Place Riddle and letters in a balloon. Inflate balloon. Place in the room.</p> <p>Solution: Pop the Balloon. Arrange the letters and/or solve the Riddle. Open the word lock using the word MONEY</p>
Directional Lock	Right - Right - Left - Down	<p>Create: Make a puzzle with craft sticks. In permanent marker write Right, Right, Left, Down in order. Option 2: Print Paper puzzle cut along dotted lines. Scatter pieces for students to put together.</p> <p>Solution: Put together Craft Stick Puzzle or printed strip puzzle. Use to open directional lock.</p>
4 Digit Combination Lock	6-2-4-6	<p>Create: Place 6 yellow, 3 pink, 4 red, and 6 purple pompoms in the bowl. Mix in other colored pompoms. Print paper with 4 colored boxes. Place the bowl of pompoms and the paper (separated from each other) in the room.</p> <p>Solve: Sort Pompoms to find the # of yellow, pink, red, and purple. Use the numbers of pompoms to open 4 digit lock</p>
4 Digit Combination Lock	5-2-8-4	<p>Create: Print & Cut out math problems, or create math problems that better suit your students.</p> <p>Solution: Solve the Division and Subtraction problem to find the numbers.</p>
3 Digit Combination Lock	1-3-7	<p>Create: Print and cut out 3 scriptures and 1 direction paper. Place a King James Version of the bible with the papers and pencil somewhere around the room.</p> <p>Solution: Find the verses in the scriptures. Fill in the blanks. Add all the numbers together to obtain 137.</p>

Printed on paper
or sometimes it's round
put me in a piggy bank
never on the ground

Cut on dotted lines to make a simple
puzzle leading to the combination for the directional lock.
